

Student NAME / surname:

Choose your elective course as mentioned below. You **MUST** choose at least one course in each area (A, B, C, D).
Some courses might be followed in advance (for exemple, followed during semester 2 but counting for semester 4).

SEMESTER 1

1 course equal to 3 ECTS,
to be chosen among these two:

Communication tools	
Entrepreneurship in Science	

1 language course equal to 3 ECTS,
to be chosen:

English	
French	
Italian	

SEMESTER 2

2 courses (6 ECTS each),
to be chosen among the following list:

A	Plant ecology	
B	Advanced Plant Cell Biotechnology	
D	Biochemistry and Environmental Physiology of Plants	
B	Molecular plant breeding and Genetics	

SEMESTER 3

3 courses (6 ECTS each),
to be chosen among these of the following list:

		Possibility to be followed at distance
A	Evo-Devo and the green lineage	YES
B	Epigenetics and cell differentiation	no
B	Chemistry and Cellular Biochemistry	no
B	Molecular genetics and epigenetics of the cell	no
B	Photobiology and bioenergy	YES
B	Functional genomics	YES
B	Molecular bioinformatics	
C	Biostatistic, Bioinformatics and Modeling	YES
C	High-throughput Biology	YES
C	Patenting and technology transfer	
D	Development of crop Ideotypes	
D	Molecular and Cellular Imaging	YES
D	Basic Statistics and Experimental design	

SEMESTER 4

1 elective course equal to 6 ECTS,
to be chosen among the courses offered at S2 or S3.

...
-----	-------

If you already know it, please indicate where you think you will be studying for your M2. NB: this can be modified later on.

	S3	S4
Grenoble		
Milan		
Elsewhere		
No idea !		

Please check if you have at least one teaching unit in each category (A, B, C, D):

A	
B	
C	
D	

Teaching unit from UNIMI
Teaching unit from UGA
